WACUBO 2025 Conference Social Media Graphics – Adding Headshots

SPEAKERS AND ATTENDEES

If you want to add a headshot to the social media post

- 1. Using this link (this allows editing rights to the images), open up Canva.com
- 2. These will load the social media graphics that you can edit
- 3. Upload your headshot (left menu)
- 4. The circle image is called a frame and is set up to accept a photo automatically by hovering over the image. Grab your photo and drag/dop over the circle image.
- 5. You can resize and re-center your headshot
- 6. Download the image, choosing a .jpeg file for the best resolution
