- The Method of Payment Form is signed; or
- An order for labor, service and/or rental equipment is placed by exhibitor with I.C.S.; or
- Work is performed on behalf of exhibitor by I.C.S.

Definitions:

For purpose of this Contract, I.C.S. means International Convention Services Inc. and its respective employees, directors, agents, assigns, affiliated companies, and related entities including but not limited, to any subcontractors I.C.S. may appoint. The term "Exhibitor" means the Exhibitor, its employees, agents, or representatives.

PAYMENT TERMS:

- 1) Full payment, including any applicable tax, is due in advance or at show site for all service orders. All payments must be U.S. funds and all checks must be drawn on a U.S. bank. Orders received without advance payment or after the deadline date will be charged at floor rate.
- 2) All materials and equipment are on a rental basis for the duration of the show or event and remain the property of I.C.S. except where specifically identified as a sale. All rentals include delivery, installation, and removal from Exhibitor's booth.
- 3) Credits or refunds will not be given for services cancelled after the advance order deadline date, installed or not used.
- 4) If the Show or Event is cancelled because of reasons beyond I.C.S. control, Exhibitor remains responsible for all charges for services and equipment provided up to and including the date of cancellation.
- 5) I.C.S. will not issue refunds to Exhibitors of any payments made before the date of cancellation. It is Exhibitor's responsibility to advise the I.C.S. These payment terms and conditions shall be governed by and construed in accordance with the laws of the State of Hawaii. In the event of any dispute between the Exhibitor and I.C.S. relative to any loss, damage, or claim, such Exhibitor shall not be entitled to and shall not withhold payment, or partial payment, due to I.C.S. for its services, as an offset against the amount of any alleged loss or damage. Any claims against I.C.S. shall be considered a separate transaction, and shall be resolved on its own merits. Safety is very important for everyone working in the exhibit hall - especially you!

I.C.S. is committed to safety throughout our company and in the work that we do. We request that you make safety a part of your activities during the show. If you see something unsafe or that presents a hazard, please bring it to the attention of an I.C.S. supervisor. By reporting unsafe or hazardous conditions, you will help make the show safer and more enjoyable for yourself and your fellow exhibitors.

Below you will find a list of Loss Prevention Guidelines that we request you follow while at show site. These Guidelines will enhance the overall safety of the show and help to prevent injuries to you, our employees and other exhibitors.

Exhibitor Loss Prevention Guidelines at Show Site

- Exhibitors should treat the show areas during move-in and move-out as they would a construction site, when work is on-going. Wearing of appropriate attire includes footwear with hard soles that protects against potential injuries from site debris, and limits potential for slip and falls. Heels, flip flops and open-toed shoes are inappropriate and violate safety standards.
- Smoking is prohibited except in designated areas. Please be sure all cigarettes are fully extinguished.
- Standing on chairs, tables and other furniture is PROHIBITED. The furniture is not designed to support your standing weight. Please use a ladder or ask I.C.S. personnel for assistance.
- I.C.S. forklifts and carts are to be used by authorized I.C.S. personnel only. Please do not operate this equipment. Bicycles, skateboards, skates, etc. prohibited on the show floor unless approved by the facility in advance. If you are authorized to use your own cart, please be sure to register it with the facility. They should also provide you with a "safe operating" procedure. If they do not, an I.C.S. representative at the Exhibitor Service Desk can provide it to you.
- Be aware of the forklifts moving throughout the aisles and docks. Please stay clear of them, especially when they are carrying a load. Keep the aisles free and open at all times. Please utilize your booth space to store and work in while preparing your booth.
- Never run in the exhibit hall. Please walk. Watch your step in the aisles and stay away from the loading docks.
- Electrical wires and cords can be hazardous if frayed or stretched over a walkway. Please check all cords for damage. Notify an I.C.S. supervisor if you need assistance repairing or removing a damaged cord. Do not overheat outlets or plugs.
- Please keep fire exits clear. Report any fires immediately or pull the nearest fire alarm.
- If you spill something, or notice a spill, clean it up or report it immediately. Please do not walk away from a spill.
- Use good housekeeping. Dispose of waste properly and keep materials stacked securely.
- Keep aisles free and clear of any and all debris.
- Protect your valuables while on the show floor. Please keep all expensive or valuable items secured. Unattended items in booths are easy theft targets.
- Notify an I.C.S. representative of any safety issues or concerns.

Signature of Authorized Personnel

Title and Date

YOU ARE ENTERING A BINDING CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE. Acceptance of said terms and conditions will be construed when any of the following conditions are met: The Material Handling Form is signed; Exhibitor's materials are delivered to I.C.S.'s warehouse or to an event site for which I.C.S. is the Official Show Contractor, or an order for labor and/or rental equipment is placed by Exhibitor with I.C.S.

Material Handling is the unloading of your exhibit materials, delivery to your booth, handling of empty containers to and from storage, and removal of your materials from your booth for reloading onto your outbound carrier. This is not to be confused with the cost of transport of your exhibit materials to and from the event.

BENEFITS OF ADVANCE SHIPPING TO I.C.S. WAREHOUSE

- Storage of materials prior to your show.
- Delivery of Shipments to your booth before you move-in (schedule permitting)
- Some convention centers and hotels do not have facilities for receiving or storing freight
- Saves valuable set-up times

HOW TO SHIP IN ADVANCE TO THE I.C.S. WAREHOUSE

- Remove all old shipping and empty storage labels
- Fill out and attach enclosed Advance Shipping Labels
- Complete the enclosed Material Handling Order Form.
- Remember to confirm receipt of your shipment prior to leaving for the show.
- All shipments must have a bill of lading or delivery slip showing the number of pieces, weight and type of merchandise.
- Certified weight tickets should accompany all shipments.
- Take the time to ensure that your display and products are packed neatly and securely.

FREIGHT CARRIERS

Select a carrier with experience in handling exhibition materials. Make sure to give your carrier explicit information as to where and when to check in. Delivery and pick up times are often out of the range of "normal" delivery hours, make sure your carrier is committed to meeting your target dates and times. While making shipping plans to the Show, also plan for the return shipment. Should your carrier miss the pickup deadline (outbound shipment(s)), I.C.S. WILL NOT call back out carrier to retrieve your forced freight shipment. Your shipment will be handled by the show carrier at your expense.

TRACKING SHIPMENTS

Confirm your delivery date and time with your carrier, and have all pertinent shipping information in the hands of your representative at show site. You may also want to review the return of your goods at the end of the show.

ESTIMATING MATERIAL HANDLING CHARGES

Handling charges are based on the weight of the freight. Shipments are billed by the hundred weight and rounded up to the nearest hundred. Minimum per Shipment may apply, see enclosed Material Handling Order Form for details. Please prepay all shipping charges - I.C.S. cannot accept or be responsible for collect shipments. Crated and uncrated shipments must be separated and clearly identified on separate bills of lading with separate weight tickets - otherwise I.C.S. will invoice the entire load at the uncrated rate.

- **Crated** - Material that is skidded, or is in any type of shipping container that can be unloaded at the dock with no additional handling required.
- **Uncrated** - Material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting bars or hooks.
- **Special Handling** - Defined as shipments that are loaded by cubic space and/or packed in such a manner as to require special handling, such as ground loading, side door loading, constricted space loading and designated piece loading or stacked shipments. Also included are mixed shipments without prior delivery receipts.
- **Overtime Surcharges** - Shows that move-in or move-out on weekends or late in the day may be subject to overtime surcharges. See enclosed Material Handling Order Form for details.
- **Late Surcharges** - A surcharge will apply if advance freight is received after the published deadline date for shipments to arrive at the warehouse. See enclosed Material Handling Order Form for details.
- **Shipment Surcharges** - A surcharge will apply if shipments are received with incomplete information on shipping labels identifying company name and booth number and/or shipments that are left on the show floor at the end of the show with no labels and no bill of lading turned in.

STORING EMPTY CONTAINERS

Properly labeled empty shipping cartons will be picked up, stored and returned after the show. Labels are available at the I.C.S. Service Desk or from your I.C.S. Account Executive and are for empty storage only. Depending on the size of the show, it can take from two to twelve hours to return empty crates. Do not store any items in crates marked "empty".

OUTGOING SHIPMENTS

An Outbound Material Handling Form/Bill of Lading must accompany all outgoing shipments. Shipping Information, outgoing forms and labels will be available at the I.C.S. Service Desk. Exhibitors selecting non-official carriers will need to make their own arrangements for pickup. Make sure that someone from your company will be on-site to oversee the outbound shipments of your display and product.

MACHINERY LABOR AND EQUIPMENT

Labor and equipment for uncrating, unskidding, positioning, leveling, dismantling, re-crating, and reskidding machinery and/or equipment must be ordered separately. Place your order for this labor using the Forklift & labor Order Form. If your material requires specialized rigging equipment, please notify us promptly so that we may make arrangements. When possible, supply your own rigging equipment with shipments and pre-rig your material.

INSURANCE

All of your goods should be insured by your own insurance policy. Although we do our best to handle your goods as our own, there are many variables in shipping and handling that can affect your exhibit and products. I.C.S. has published I.C.S. Limits of Liability and Responsibility that are in your service kit. Please read them carefully. It is recommended that your goods be insured.

FREIGHT HANDLING SERVICES

I.C.S. is prepared to receive your shipment either at our warehouse or directly at the exhibit site. You may ship via the carrier of your choice. I.C.S. will accept crates, boxes, skidded materials & fibercases at our warehouse.

Rates are based on the incoming weight of shipments. For rates and arrival information, see the **Freight Handling Order Form**. I.C.S. must have payment before delivering freight to your booth. Please read the "Limits of Liability & Responsibility" form for important information.

Where will my outlet be located?

There are four different types of trade show booths: In-line Booths, Peninsula Booths, Back-to-Back Peninsula Booths and Island Booths.

Each type of booth has its own method of installation. In the following diagrams, the symbol  represents the approximate location of power outlets.

One Drop within booth when power Source is meeting or one location on perimeter when power source is in the floor.

In-line Booths, Peninsula Booths, or Back-to-Back Peninsula Booths: Your pre-ordered Electrical Outlet will be installed at the rear of your booth, at the drupe line.

Island Booths: You need to designate one location for each outlet you order. Multiple outlet locations will be charged on a Labor and Material basis. For facilities with power originating in the floor, your Electrical Outlet will be placed at one location at our discretion. All other distribution will be done on a Time and Material basis. If you fail to provide us with a floorplan, we will bring your power to one location at our discretion.

How much power do I need?

Calculate your lighting needs by adding wattage in each location. For other equipment, read the Ratings from the metal plates attached to each unit.

120 Volt Single Phase , 60 Cycle, 1000 Watts

230 Volts, 30 Amps, 3 Phase

ELECTRICAL CODE

Electrical Services for Exhibits at Convention Facilities

Electrical requirements for an exhibit at all convention facilities are for the safety of all exhibitors and are based on national Electrical Codes and local ordinances.

Too frequently, fires have been traceable to faulty wiring, sometimes because of carelessness and sometimes because of lack of understanding of the risks involved.

In the interest of public safety, exhibits in the convention facilities may be inspected to determine if any violations exist. If they are found, qualified electricians are available to correct the problems. This work will be performed on a time and material basis. If the exhibitor does not wish to have the fault corrected, electrical services to the offending booth will not be connected.

If an exhibitor is not informed or does not understand basic safety standards for electrical wiring, an electrician should be consulted before shipment is made to convention facilities. Serious risks are involved which can be eliminated by understanding basic requirements of safe wiring inside your booth. For the safety of you and the public, remember these points:

- All wiring must have a 3-wire grounded cord with a minimum of #14 gauge.
- Spot or floor lighting is a hazard when lamps are too close to fabrics or other materials which can be affected by heat.
- The use of clip-on sign sockets, latex or lamp cord wire in displays, or the use of 2-wire clamp on fixtures, is prohibited by order of fire prevention bureaus at trade shows and conventions.

Zip cords or two-wire cords are ungrounded and could result in safety hazards. Their use is forbidden in all convention facilities.

PLEASE LEAVE ALL 2-WIRE CORDS AT HOME!
